# Presidential Address

To the 140th Annual Convention of the Theosophical Society  
Adyar, 31 December 2015

Dear Brethren, welcome all to the 140th Convention of the Theosophical Society, after a trying period of climate-related emergencies experienced in one way or another by almost all of us in the recent past. Let us offer together a moment of silence in memory of those who have lost their lives in these tragedies, wishing them a peaceful transition, also in giving thanks that the damages suffered by others were not worse than what they were, and in hoping for a return to normalcy in general as soon as possible, for all those who have been seriously affected. Please rise for the invocation to the Great Ones who protect the Society with their energy and strength:

**May those who are the embodiment of Love Immortal  
bless with their help and guidance this Society, founded  
to be a channel for their work. May They inspire it with  
their Wisdom, strengthen it with their Power, and energize  
it with their Activity.**

I am very glad to open this 140th Annual Convention of the TS.

Little needs to be said about the appropriateness of the theme for this year's convention: 'Compassion and Universal Responsibility'. There seems to be a growing perception that our world, the network of relationships we have created, is becoming less caring, more brutal, and insensitive. Certainly this is the feedback received from popular media sources. Whether or not this perception is accurate, it is affecting the outlook and responsiveness of people around the world and within our Theosophical Society.

During the TS's history great shifts have been witnessed in the structures of society and the knowledge that supports those structures. The world has changed

profoundly since the founding days of the TS. The long list of global changes during the past 140 years includes colonialism, human and civil rights, national independence, world wars, massive technological advances, nuclear threat, economic depressions, large scale human migrations, and ecological challenges. In the face of such challenges many people feel paralysed by a sense of powerlessness and insignificance. Others feel energized and seek out ways to make their presence felt. Still others find themselves searching for some serene haven, safe from the onslaught of the world around. For many the life of the spiritual seeker seems to provide such a hiding

place from the troubles of the world. This is not, cannot be, and never has been the choice for members of the TS.

Although so much of the change in the world is revealing itself in visible and tangible ways, always the root is hidden — out of sight and beyond the reach of surface attempts at ‘fixing’ the problems. The level of causes is necessarily unseen. It is on that level where we find our work.

One of the prevailing truths that has become clear across disciplines is the fact of the radical interdependence, not only of the people of the world, but of all life. Social science, psychology, economics, quantum physics, biology, ecology, and normal common sense are now magnifying this awareness that all things are inextricably interrelated and are continually affecting each other. From the human perspective, our most potent tool in this world of effects is thought. A mind that can link itself to its higher, hidden potentials, powerfully affects its environment. Examples are familiar to us in people like Mahatma Gandhi, Martin Luther King, Mother Theresa, His Holiness the Dalai Lama, and many other high-minded, loving people of less renown.

So much of the condition of the world today derives from what H. P. Blavatsky described as ‘the heresy of separateness’

— the conviction that reality is composed of countless separate, isolated atoms, or beings, or worlds. There is an expression that, ‘You must not only learn the truth; you must suffer it.’ If our experience of the Ageless Wisdom reveals anything to us, it is that consciousness is the ground of reality. Whether it is the limitations of the strict material world view, or the expansiveness of some higher perception, essentially it all arises from consciousness.

This realization is liberating and provides a direction for our work in the world. The theme for this year’s Convention seems to focus on two things, compassion and responsibility, but the distinction is only apparent. The two are inseparable. Compassion necessitates responsibility. Responsibility assumes compassion. Both are the natural expression of a mind that has some depth of experience of a non-separate reality. It is not our work to *become* compassionate, but to remove those barriers to the ever-present, and completely unforced expression of our nature, which is compassionate.

Before we turn to the individual activity reports, the overall membership for the Theosophical Society based on the information received so far stands at 25,933, a two percent drop from the 26,497 reported last year.

Beginning this year with the Indo-Pacific region, the Indian Section reports no change in their membership, still at 11,327. The North India Study Camp was held at their Varanasi headquarters in October 2014. The study was on the

late international President Mrs Radha Burnier’s contributions and approach to Theosophy, directed by Mr P. K. Jayaswal, National Lecturer. My first visit to the Indian Section headquarters coincided with this event, and I gave a public lecture

on 'The Ever-Present Future' on 29 October. A two-day seminar on 'Education in the Light of Theosophy and Present Day Challenges' was organized by the Section in March 2015. It was structured on Dr Besant's Adyar Pamphlet no. 16, *Education in the Light of Theosophy*. The International Vice-President, Dr Chittaranjan Satapathy, spoke at this seminar on 'Educating the Poor and the Contribution of the Olcott Education Society'. A three-day study camp was also held in March by Prof. R. C. Tampi, based on Ms Joy Mills' *The Human Journey — Quest for Self-Transformation*.

The 92nd South India Theosophical Conference was inaugurated by me in Adyar in April on HPB's *The Voice of the Silence*. Mr S. Sundaram, General Secretary of the Section, welcomed the gathering and Dr Satapathy gave the concluding address. Several distinguished members also spoke on various topics related to HPB's book. In May the Section organized four events at the Himalayan Study Centre in Bhowali: a study camp on Clara Codd's *The Way of the Disciple*, directed by Mr Jayaswal; a Workers' Training Camp; a camp for the Uttarakhand Region; and a study camp on *At the Feet of the Master*, organized by the Marathi Theosophical Federation and conducted by Prof. C. A. Shinde, National Lecturer. A study camp on 'Virtues' was organized in Bhowali in October 2014 by the Karnataka Federation and study of *The Secret Doctrine* was directed by its President, Mr B. V. Thippeswamy in April. A special session of the School

of the Wisdom was organized by the International headquarters this year for the first time in Bhowali, attended by participants from the USA, Brazil, Spain, Australia, and India in September, and was based on Shirley Nicholson's *Ancient Wisdom — Modern Insight*. Dr Satapathy inaugurated the course and Prof. Tampi directed it.

Apart from visiting the Section headquarters in Varanasi, I also visited the Utkal Theosophical Federation in Bhubaneswar, the Bengal Theosophical Federation in Kolkata, and the Karnataka Theosophical Federation in Bangalore, where I delivered public talks. Dr Satapathy visited Bhubaneswar during the East Zone Theosophical Conference and delivered a talk on *Theosophy and Altruism*. He also addressed various theosophical gatherings during his visits to the Tamil, Assam, and Delhi Theosophical Federations, and conducted study camps in Guwahati and Delhi. The Section's journal, *The Indian Theosophist*, was published every month with an average monthly circulation of 3,200. A special number of the journal on Dr Radha Burnier was brought out in November.

Mrs Linda Oliveira, National President of the TS in **Australia**, reports that they had a successful annual Convention with keynote speakers and long-time TS members Drs Victor and Olga Gostin. Their Section's annual School of Theosophy was held at the Springbrook Centre in Queensland on 'Discovering Buddhist Wisdom: Philosophy and Practice'. They also received the award of the first annual prize to Studies in Religion at the Uni-

versity of Queensland, for research into the Perennial Philosophy in its Eastern and Western Traditions; commenced publication of their redesigned national magazine; had an active schedule of National Speakers around the Section, and also a successful tour of the Section by International Lecturer Mr Vic Hao Chin, Jr., who conducted a Self-Transformation seminar at the Canyonleigh Centre in New South Wales. The placement of the new national website online earlier this year, and an active programme of activities in Lodges, Branches, and Study Centres were other accomplishments. The **New Zealand** Section held its national Convention in Napier last January with guest speakers Mr Vicente Hao Chin, Jr., from the Philippines, and Mr Barry Bowden from Australia on 'The Way Forward for Humanity: Achieving Universal Brotherhood'. A 'Process of Self-Transformation' seminar was also held in Napier, facilitated by Mr Hao Chin and others. Around 30 people attended this 3-day event. The School of Theosophy was held for four days at the HPB Lodge in Auckland with guest Mrs Dorothy Bell from Australia, on 'Theosophical World View — Window of a New Mind'. The Central Region held two events: a weekend seminar held at Palmerston North on 'Theosophy Foundations' facilitated by the National President, Mr John Vorstermans, and an event held at Wellington entitled 'The Wisdom of Patanjali's Yoga Sutras', a study and meditation retreat. The Section membership went down by 28, from 704 to 676.

The TS is present in four countries in **East and South East Asia**. The Singapore Lodge is the largest in the region, with around 400 members. It had a visit by international President Mr Tim Boyd and his wife Lily, and is the base for the Chinese Project Team, which develops the Chinese website and translates theosophical literature into Chinese. The Selangor Lodge, in Malaysia, has 83 members. Japan has the Nippon Lodge in Tokyo with 37 members, and Myanmar (formerly Burma) has the Olcott Lodge with 45 members. Each Lodge has its own website. Their total membership is 555, an increase of 8.

There are 5 Lodges and 239 members in **Bangladesh**. Kusum Lodge continued its monthly study of *At the Feet of the Master*, and Chittagong Lodge organized biweekly meetings and meditation programmes. Olcott Lodge in Dhaka organized four meetings during the year and 6 members of this Lodge attended the international Convention at Adyar last year. Comilla Lodge continued periodical meetings. Mr B. L. Bhattacharyya, the Presidential Representative, visited Dhaka and Comilla in December, speaking at the various Lodges. On the 5th he attended the meeting as Chief Guest organized by Comilla Lodge. On the same day a new Lodge, 'Maynamati' was formed at Comilla, with 19 members composed of young advocates, professors, and teachers. On 7 December another new Lodge, named 'Proactive TS Lodge', was formed at Dhaka.

The **Philippine** Section participated in the international Convention at Adyar

through its delegate, former General Secretary, Mr Vic Hao Chin, Jr., who gave a Convention talk and facilitated the strategic planning activities which took place at Adyar in a two-day meeting held right after the Convention. At the national front, Self-Transformation Seminars (STS) and workshops were held and well received during the year in the Mindanao State University, at the Section headquarters in Quezon City, and at various private companies. Many other lectures and study programmes were held throughout the country during the year, mostly by Mr Hao Chin. Two new Lodges were formed during the year, the Golden Link Lodge and Logos Lodge. Enrolment in TS schools during the school year reached landmark gains, with a total of 895 students enrolled in 4 schools and one college.

The TS in **America** (TSA) reports that under their Library Director, Marina Maestas, the Henry S. Olcott Memorial Library collection can now be accessed nationally through a cooperative inter-library loan arrangement, and often internationally. The TSA public programming operates seven days a week on a range of theosophical subjects with growing attendance. During the year, their IT/AV department increased the number of live webcasts of their Thursday night lecture series. They are realizing the goal of their IT department head, Mr Chris Bolger: almost every talk is streamed live on the Internet. Now their online attendance is equal to or greater than the number of people physically attending the talk, and some are tuning in from other countries.

Their TS Wiki — a Wikipedia-style reference on Theosophy and the TS, is approaching 4 million visitors to the site, which has now migrated to a new domain: <[www.theosophy.wiki](http://www.theosophy.wiki)>. A growing body of Internet resources are being made available to the theosophical world through the TSA website, <[www.theosophical.org](http://www.theosophical.org)>.

After almost 50 years in operation, publication of Quest Books will be ending at the close of the year. The TSA Board of Directors decided that substantial further investment of TSA resources in Quest Books would not be financially responsible. However, this creates new possibilities in the area of online activities. The TSA will continue to publish Theosophical books through their Theosophical Publishing House. The Audio-Video (AV) Department recorded 74 new titles comprising 89 audio CDs, and 70 new titles comprising 79 DVDs. Most of the titles may be purchased at <[www.questbooks.com](http://www.questbooks.com)>. The TSA National Secretary, Mr David Bruce, reports that during the year 20 speakers gave over 60 presentations, most of which were well attended and enthusiastically received. Courses for the National Lodge, now in its 18th year of existence, are also selected and edited by Mr Bruce. The membership of the National Lodge remains steady at 370 and total membership for the Section is 3,357, a slight increase over the previous year.

The National President of the TS in **Brazil**, Mr Marcos de Resende, writes that they have 757 members, a decrease of 11, with 32 Lodges, making it the largest Section in Latin America. Their 34th Summer School was held over 6

days in January-February, with about 150 in attendance from 16 states. There were lectures, panels, and study groups about themes from Annie Besant's *A Study in Consciousness*. The Section has three active Theosophical Institutes and a Centre. The Brasilia Institute, directed by Mr Resende, held various lectures, seminars, and workshops. Its main event was the 19th International Theosophical School in July on 'The Transforming Path: In Search of the Diamond'. The visiting lecturers were Mrs Linda Oliveira, President of the TS in Australia, and Mr Pedro Oliveira, former International Secretary of the TS. The event was a success, with about 170 participants. The Raja Foundation Centre (São Paulo), held various activities, including a 4-day retreat with various lectures on 'Universal Compassion — the Practice of Brotherhood'. The Pitagoras Institute (SP) conducted 'An Introductory Course on Theosophical Thought'. Their bi-monthly magazine *Sophia* has reached its 13th anniversary this year, publishing its 57th issue of 5,500 copies per edition.

The **Cuban Section** is the second largest in Latin America. It has 558 members, a slight decrease, in 12 Lodges. Their National President, Mrs Barbara Fariñas Piña, states that their two-day Annual Convention was celebrated in January with the theme 'Devotion'. The Lodges in Havana organized a two-day Summer School on the 'Gayatri Mantra' for more than 30 members. Some of the books studied by the Lodges were Annie Besant's *Thought Power, its Control and Culture* and *A Study in Consciousness*;

Besant and Leadbeater's *Talks on the Path of Occultism*; and others. Their quarterly e-magazine, *Revista Teosófica Cubana*, continues to be published.

The General Secretary of the TS in **Argentina and Paraguay**, Mr Jorge García, tells us that in January they held a public conference given by visiting speaker from Canada, Dr Ravi Ravindra, on 'The Scientific Mind and the Religious Mind'. It was held in San Rafael, with about 300 persons attending. This was followed by their five-day 51st Summer School, with Dr Ravindra giving two seminars: 'The Yoga of Christ' and 'The Yoga of Krishna'. Their National Congress, held in January on 'The Golden Stairs and Our Task' was enriching. Their six-day Winter School was on 'The Value of Silence', consisting of introspection and reflection by 29 participants who were asked to remain silent from the end of dinner until after lunch the next day. The TS in **Bolivia** achieved Section status. Their General Secretary, Mrs Guillermina Rios de Sandoval, says that they also opened three new study centres with many young members in Sucre, Santa Cruz, and La Paz, representing the future of the TS in the Section and the growth they are experiencing. The TS in **Chile** had their Convention on 3 October with the theme 'The Truth: Essence of our Being', during which Mr César Ortega was elected Presidential Representative. Their Theosophical Electronic Brochure and the Chilean Theosophical magazine are sent monthly to different Spanish-speaking countries. The Presidential Representative of the TS in **Peru**,

Mr Julio Pomar, reports that their two Lodges, 'HPB' and 'Verdad', gave a total of 17 public talks during the year. The Agency offered a free internet course on Theosophy to the public. Also, Lodge 'Verdad' offered a 'Basic Course of Theosophy', with 12 attending. Lodge 'HPB' also offered the course 'The Basis of Esoteric Philosophy' with 18 in attendance. They lost two members, but gained 10 new ones, for a total of 37. The Organizing Secretary of the TS in **Uruguay**, Mr Ramón García reports that all five Lodges met weekly. Books studied included HPB's *The Secret Doctrine* and *The Voice of the Silence*, and Eckhart Tolle's *The Power of Now*.

The TS in **Mexico's** new National President, Mr Enrique Sánchez, writes that their 155 members worked in 12 lodges and 5 study centres across the country, all of which he visited, giving a conference about the first Object of the TS. At their national headquarters, Mrs Lissette Arroyo gave nine courses on Theosophy during the year. They have been updating their webpage, <[www.sociedadteosofica.mx](http://www.sociedadteosofica.mx)>, every month and next year they are planning to have a new link with a bookstore online where enquirers can buy some books and receive other books free of charge. Mrs Magaly Polanco, the Presidential Agent for **Puerto Rico**, writes that every Sunday morning they offered talks on theosophical subjects given by different members in Spanish, the language mostly spoken in Puerto Rico. In May they welcomed Mr Gaspar Torres, former National President of the Cuban Section.

His talks generated interest and enthusiasm among the many who attended. The workshop he conducted on 'The Management of Emotions in Inner Development' was very fruitful. Their Agency building was thoroughly renovated. Mrs Polanco is also the Presidential Agent for the **Dominican Republic**. She reports that Atma Lodge, in Santo Domingo, received Mr Terry Hunt as guest speaker, who gave a successful public lecture with about 60 active participants. Mr Hunt also offered a retreat-workshop in Jarabacoa on 'The Mahatma Letters to A. P. Sinnett', with around 40 in attendance. The Lodge studied HPB's *The Key to Theosophy*, the *Dhammapada*, and began to study W. Q. Judge's *The Ocean of Theosophy*. Nueva Aurora Lodge in Puerto Plata focused on the study of the Mahatma Letters. The approximately 450 books belonging to the library of this Lodge have been indexed and members always have access to library services. The Presidential Representative of the TS in **Costa Rica**, Mrs María Orlich, writes that they have had a decrease of two members, bringing their membership to 64 in 5 Lodges that meet regularly throughout the year. In addition to several study courses based on classic theosophical texts, two three-month courses were offered freely to the public during the year: an introduction to Theosophy given by Mrs Orlich and others, and a Self-Transformation Seminar based on Vic Hao Chin Jr's book. The TS in **Central America** gave monthly public video lectures on a variety of theosophical

subjects. It has 13 members in two Lodges, one in Nicaragua and the other in El Salvador, which manages its own web page: <www.sociedadteosoficaelsalvador.org>. The TS in **Venezuela** has 14 members in two Lodges that have been giving Sunday lectures three times a month, including a study on Annie Besant's *The Path of Discipleship*, given by Mrs Nelly Nouel.

Moving on to the largest Section in Europe, the **English Section** has a new National President, Mrs Jenny Baker, since April. She is grateful to Mr Colin Price for his 10 years of hard work and dedication to the Society in the post. Their Summer School was held near Birmingham, where I went to be their chief guest speaker, accompanied by my wife Lily and daughter Angelique. The School was attended by more than 100 people and was a joyous and uplifting occasion. Their Diploma Course is in its fifth year and continues to attract members who wish to study theosophical teachings in depth. Other Sections throughout the world have taken up the course and a Higher Diploma is in preparation. The process of the Section attaining charitable status is ongoing. In September Mrs Baker was elected to the Council of the International Theosophical Centre at Naarden in the Netherlands. She hopes that the Section will forge closer relationships with their European cousins in the future. The TS in **Scotland** reports that they are on a more sound financial footing. Although membership declined slightly, there are new faces attending regularly. Dundee Lodge meetings are well attended. Mr Joe McIntyre, its President,

is an inspiration to all, and Ms Ali Macqueen has put on an excellent programme on 'The Mind.' Edinburgh Lodge has had a good year. They have welcomed speakers from around Britain and even Australia, India and South America. Glasgow Lodge also had several visiting speakers. The **Welsh Region** Organizing Secretary, Mrs Julie Cunningham, reports an increase in membership from 72 last year to 78, distributed in 4 Lodges and 1 Centre. They are all active with meetings held twice a month, except for Conwy Lodge. Talks were given by visiting speakers sponsored by the Foundation for Theosophical Studies. Ten members completed the Diploma in Theosophy Course offered by the English Section. The TS in **Ireland** Organizing Secretary, Mrs Marie Harkness reports that membership has risen over the past few years and members throughout Ireland have formed solid friendships. The 10th All-Ireland annual Convention was held in June in centrally-located Dublin. Their guest speaker, Mrs Diana Dunningham Chapotin, spoke on the Convention theme, 'Serving with the Eyes of Spirit: An Infinity Within to Give', a most inspiring talk which was well received.

The Annual Convention of the **Finnish Section** was held at the Helsinki Headquarters in March. Mrs Mirva Jaatinen was elected General Secretary, succeeding Ms Marja Artamaa, the current International Secretary. The Summer School took place in June in Kreivilä on 'Cosmic Laws and Principles according to *The Secret Doctrine*'. Mr

Ingo de Jong, from Sweden, was the guest speaker. In Estonia the Lodges also held their Summer School in June. The highlight of the year was the international President Mr Tim Boyd's visit to Finland and Estonia in August with his family. He gave lectures in Kreivilä, Helsinki, and Tallinn, in Estonia. In addition, members' meetings were held in Helsinki and Tallinn. The Section has 23 Lodges and 2 study groups with a membership of 402. The **Icelandic Section** held their Summer School in Hveragerdi on 'The Kingdom — a symbol of mind and body', with the participation of nine Norwegian members, one of whom gave a talk. Their newsletter *Mundilfari* is published three times a year and their website is in both Icelandic and English. The **Swedish Section** membership stands at 162 and six out of their seven Lodges and study groups have been very active during the year. Their General Secretary, Mrs Ing-Britt Wiklund, reports that their Summer School had as its theme 'To Live Theosophy', and 17 members participated. Their guest speaker was the International Secretary, Ms Marja Artamaa, who gave three outstanding lectures, and Mr Pertti Spets and Mrs Wiklund contributed with lectures on the theme. The TS in **Norway's** Organizing Secretary, Dr Saleh Noshie writes that their 14 members have kept up their studies and discussions through a web forum that includes 33 others who are also deeply interested in spiritual pursuits.

The National President of the **Italian Section**, Mr Antonio Girardi, tells us that they now have 950 members, a drop of

58 from last year, but this is still the largest Section in the European continent. Their 32 groups and 17 centres carried out meetings for members and public conferences and their website tracks a monthly average of over 3,500 visits. A dedicated section of the website contains videos of theosophical conferences taken during congresses and seminars. It has been recently upgraded by an added section dedicated to the Theosophical Order of Service. They publish their monthly magazine with 1,300 printed copies and over 1,000 subscriptions, and their monthly newsletter is e-mailed to over 3,000 interested readers. The TS in **France** headquarters continued to hold monthly Lodge meetings, free courses three times per month, quarterly videos of J. Krishnamurti, and fortnightly public lectures. In the summer the Vice-President and I paid separate visits to their Paris headquarters. I had an interesting question-and-answer session with the volunteer workers of the Section. The Vice-President's visit was also fruitful with private talks on the work in general and at Adyar. At their National Convention, Mrs Jeannine (Nano) Leguay was elected General Secretary from October 2015, replacing Ms Trân-Thi-Kim-Diêu, who had served for six years. The latter was appointed Vice General Secretary in charge of European and international affairs.

The **Spanish Section** held a 4-day Silent Retreat in Girona on Annie Besant's Universal Prayer, 'O, Hidden Life . . .', directed by Ms Trân-Thi-Kim-Diêu, with 44 in attendance. She also

conducted a 3-day Seminar in Alicante on 'Self-Realization', attended by 40 people. At Easter the Section held its 37th 3-day 'Iberian Days' programme with 40 attending, on the theme 'The Unity of Life'. Their 7-day Summer School, with 107 participants, was on 'Karma, Dharma, Nirvana, and Mindfulness', and their guest speaker was Mr Chaganti V. K. Maithreya, from Chennai. Dr José Foglia, from Uruguay, visited Arjuna Lodge and gave a public lecture on 'Meditation vs Stress', which was appreciated by many. The TS in **Portugal** held public sessions in Lisbon with different formats, from public talks to panels and discussion groups. Ms Trân-Thi-Kim-Diêu, Chairman of the European Federation of the TS, gave three public talks on 'The Science of Theosophy'. Ms Maria José Barrios, from the Spanish Section, delivered a public talk at Lisbon and Oporto on 'Reflections on the Path'. There are now 123 members in the Section, a slight decrease, as reported by Mr Carlos Guerra, their General Secretary.

Mrs Manuela Kaulich, General Secretary of the TS in **Germany**, writes that their Southern Meeting was held in September in Regensburg, with Mr Chaganti V. K. Maithreya as visiting speaker. The theme was 'Dharma, Karma, and Yoga'. Many members and guests came to listen to his five talks. At the end of his visit, he gave a public talk in Munich on 'Ancient Wisdom and Modern Science', attended by over 60 guests. The Section membership rose from 112 to 119, with younger people being attracted by our theosophical work. The **Dutch**

**Section** held a members' National Board meeting at the end of May where a new General Secretary, Mr Wim Leys, was elected, succeeding Ms Els Rijneker. The Section's activities included two 5-day seminars, one in May with Prof. P. Krishna on 'A Revolution in Education' and another in June on HPB's *Esoteric Instructions* led by Michael Gomes. Another 'Dutch Day' was held on 23 August, an interactive programme for members only, that I participated in. On the previous evening I met with the younger members of the Dutch Society. The Section membership is now 330, a drop of 17 since last year. The TS in **Austria** stands steady at 49 members. All three Lodges offer weekly lectures throughout the year on classical theosophical teachings and related subjects and lectures are regularly uploaded on their website. In March the annual meeting of the Austrian Association was held, where Mr Albert Schichl was re-elected as Organizing Secretary. The **Belgian Section** and its Lodges strengthened activities and functioning during the year. They also welcomed international guests in their Brussels headquarters. General Secretary Mrs Sabine van Osta welcomed Mrs Nancy Secrest, International Secretary of the Theosophical Order of Service, who visited in May and rekindled the work of the TOS in Belgium. She also welcomed Dr Chittaranjan Satapathy, our international Vice-President, in July, who gave two much-appreciated lectures. The Section has 92 members in 9 Lodges.

The TS in **Greece** reports that,

out of their 11 Lodges, 'Apollon' Lodge in Athens and 'Kaviros' Lodge in Alexandroupolis are temporarily inactive. Study group 'Prokris' in the island of Cephallonia is working well, and 'Radamanthis' and 'Minos' Lodges in the island of Crete are doing very well. Their magazine is printed every three months, going to about 500 subscribers. **Slovenia** has 54 members. They held three Schools during the year: the Spring School, organized by Lodge Surya on 'Dignity in the Light of Theosophy', had 28 participants; the Summer School, organized by Lodge Adyar, was conducted excellently by Mr Bhupendra Vora on the *Bhagavadgitā* with 25 participants; and the Autumn School, organized by Lodge Understanding, was conducted by the Organizing Secretary, Mrs Breda Zagar, on *At the Feet of The Master* — 'Love', with 24 participants. The TS in **Hungary** has 39 members, but a third of them are staying in the countryside, so they can take part in meetings only occasionally. There are only 12-15 active members living in or near Budapest and a few in or near Debrecen, in eastern Hungary. They had two General Meetings and 10 public lectures during the year, continuing the work in all three Lodges, one in the countryside and the other two in Budapest.

The work of the Regional Association in **Ukraine** continues with 95 members, an increase of 6, in 5 Branches and 3 study centres, with the formation of the third study centre, 'Proteus', in Dnipropetrovsk. Mrs Svitlana Gavrylenko, the Organizing Secretary, tells us that at

four of the Branches and all study centres regular meetings are conducted and classic theosophical literature is studied. In November they had their 10th All-Ukrainian Convention in Kyiv on 'A New Mind for a New Time' with more than 50 participants. In July they held their 10-day Summer School in the Carpathian Mountains on 'Ethics as the Soul of Divine Wisdom' with 26 active participants. They have active TOS members and volunteers in five cities, and a Science Group in Dnipropetrovsk, where nine publications and eight reports are prepared. Their website, <[www.theosophy.in.ua](http://www.theosophy.in.ua)>, continues its work, and every Branch and study centre has their own page on the website. Mr Pavel Malakhov, Presidential Representative of the TS in **Russia**, reports that the theosophical movement in their Agency is getting stronger, with numerous gatherings and study activities throughout the year. They have 159 members, an increase of 4, in 8 Lodges. Anahata branch (in Moscow) gave 12 public lectures on theosophical basics. It uses SMS and e-mail mailing lists to inform about their activities. There was a Facebook page created to support the Museum, <<http://www.facebook.com/hpbhouse>>, and a variety of Internet activities involving Russian members in their official website, <<http://ts-russia.org>>, including a weekly, year round, Skype webinar on *The Secret Doctrine* conducted by Mr Malakhov.

The **East and Central African Section** has a new General Secretary, Mr Narendra Shah, elected from 2015 to 2017, at their annual 47th Convention, held in early April in Dar es Salaam, Tanzania. Mrs Ananya

S. Rajan was the guest speaker at the Convention and she gave subsequent lecture tours in Nairobi, Dar es Salaam, Kitwe, Mufulira, and Kampala. Their Section comprises four countries (or Regions): Kenya, Uganda, Tanzania, and Zambia. Unfortunately, out of their five Lodges, only two are very active and have a good number of members. Membership shows a decrease of 20 members from 155 last year to 135. This year's Annual Convention in **West Africa** was to be held in June in Accra, but the General Secretary, Mr John Boakye, reports that it had to be held in September in Koforidua due to serious flooding that followed their seasonal rainfall, causing a disaster with over 200 deaths. The Convention theme was 'Theosophy in a Changing World and the Cycle of Life' and turned out to be quite worthwhile. The member in whose home the Convention was held, the Secretary of the Lodge in Koforidua, passed away six weeks thereafter. He had spoken on 'Theosophy in Daily Life' at the Convention and had been an indefatigable dedicated member. The number of members for the Section stands at 238. The TS in **South Africa's** General Secretary, Mr Jack Hartmann, writes that activities geared to spiritual growth of members were conducted mainly in the Lodges, including public meetings, study groups, and yoga classes on a regular basis. Thought is being given to attracting younger members. The Johannesburg Lodge has redesigned its library, holding 8,800 titles, and their Section magazine is to be published in an electronic form

to reduce costs. Their membership is now at 174, a drop of 35.

**Covenant Lodge**, in Tel-Aviv, Israel, held 3 public meetings each month in their centres. They held members' meetings on a weekly basis, 3 meetings every month, with an average participation of 10. They also offer weekend seminars, courses, and workshops with up to 75 participating. Six active monthly study groups, with 7–14 members in each, focus on various theosophical subjects. Their membership is 71, a decrease of 3 members.

In addition to the Covenant Lodge, there are 6 other Lodges attached to Adyar, totalling 80 members, and 31 Fellows at Large included in our membership.

In the **International Headquarters**, a number of tasks were accomplished and are listed below. In general, the wages of all workers were raised by an average of 35 per cent, keeping in view the minimum wages fixed for Tamil Nadu state. The proceedings of the 2014 Annual Convention were live-streamed for the first time. A new website for the TS was launched in September 2015. The number of international volunteers has increased in Adyar. A long-term cover was placed over the Adyar theatre open-seating area with a significant donation from the TS in America. A renovation plan for the Adyar campus was initiated with the help of renowned architect, Mr Michiel Haas from the Netherlands, and fundraising for renovations has started. The Adyar campus has now two sets of new public toilets, one near each gate, and informative signboards have been placed around the campus. The dining area of

Leadbeater Chambers was remodelled. The cover design for the monthly magazine *The Theosophist* was improved. A new National Section (for Bolivia) was chartered, the first new section in 22 years. The Anthroposophical Society held their annual conference in the TS campus for the first time this year.

The **Archives and Museum**, closed for several years, are now working with a team of four volunteers. An archivist from the TS in America visited our archives for one month. A range of materials was tested for toxicity and the results were found negative. The air conditioners have been repaired and are working on a 24x7 basis. Extra funding has been provided for restoration of documents, photographs, pictures, and other objects. But more funding is required, and as the building is leaking, apart from being too close to the Adyar River, a new building is required for housing the archives and museum. At the **Adyar Library and Research Centre** the digitizing of palm leaf and other manuscripts was initiated. Funds were provided to computerize the Adyar Library catalogue. The staff has been strengthened with one director, one professor, two research officers, and one research associate. Mr K. Jaikumar was appointed during the year to look after the Library systems and their automation. The Shankaracharya Sanskrit University has been requested to grant affiliation to our Library as a recognized centre for undertaking doctoral research. The Adyar Library Bulletin, *Brahmavidya*, was published for 2014-15, and is now up-

to-date. The first course of the **School of the Wisdom** in November 2014 studied H. P. Blavatsky's *The Voice of the Silence*, with Prof. R. C. Tampi. This was followed by 'The Psychology of Yoga' with Mr P. K. Jayaswal. Mr Vicente Hao Chin Jr, directed the course on 'Self-Transformation and the Spiritual Life', and Ms Trần-Thi-Kim-Điêu led 'The Science of Theosophy: Foundation and Practice' class in January 2015. The **Theosophical Publishing House** released 22 books (20 reprints and 2 new compilations). The Editorial Department prepared a special double issue of *The Theosophist* on Dr Radha Burnier, brought out on 31 October 2014, her first death anniversary. Ms H. Sripriya took over as Secretary of the **Olcott Education Society (OES)** in January 2015. The 12th class commerce stream students of the Olcott Memorial School took their final examination this year. The humanity stream at the higher secondary level was started in the previous year, and the science stream has been started this year. Arrangements were made with the British Council for teaching English to the teachers and students of the School. The salaries for teachers and staff of the OES were increased further in addition to the increases made last year. The **Besant Memorial Animal Dispensary** remains open on Sundays and closed on Tuesdays. New surgical equipment for birth control was purchased by the new veterinary surgeon, Dr P. Ramachandran, who was appointed in July. There were a total of 3,116 cases attended during the year. The **Besant Scout Camping Centre** reported that 21

institutions and scout groups utilized the services of the Centre and around 1,350 children benefited through camping activities in line with theosophical values.

The **Theosophical Order of Service** experienced a major change this year when their International Secretary position passed from Mrs Diana Dunningham Chapotin to Mrs Nancy Secrest of Washington, USA, on 1 December 2014. Diana's 20 years of service saw a marked increase in the number of TOS Groups, programs, and activities around the world. Their website began under her watch as did the quarterly e-newsletter. The TOS is currently present in 36 of the 55 countries where the TS is active. This year, their presence was added in Belgium and Israel. This year also saw the inauguration of a TOS International Facebook Page, <[www.facebook.com/tosinternational](http://www.facebook.com/tosinternational)>. Of special mention, the TOS members in Sundarban, India, formed a TS Lodge and built the Radha Burnier Memorial Hall, where hundreds of poor village women are receiving vocational training; and in November 2014,

the TOS Urus Branch in Oruro City, Bolivia, was awarded a medal by the country's Legislative Assembly 'in recognition of its outstanding community service and commitment to the improvement of the material and spiritual conditions of humanity, including animals and Nature.'

As to **international visits** by Headquarters officers, I travelled to various countries and met TS members and groups in England, Finland, Estonia, France, Italy, the Netherlands, Singapore, the USA, and India. The Vice-President, Dr Chittaranjan Satapathy, visited the Section headquarters in Belgium, France, and the Netherlands, including the International Theosophical Centre in Naarden, and also participated in the International Theosophy Conference held in The Hague. Finally, the International Secretary, Ms Marja Artamaa, participated in Theosophical activities in Finland, Estonia, and the Netherlands, and also spoke at the Swedish Summer School.

I now wish you a fruitful and uplifting time at our Adyar campus.

**THE TREASURER'S REPORT**  
**AND**  
**ACCOUNTS FOR THE YEAR ENDED**  
**31 MARCH 2015**

## **TREASURER'S REPORT 2014-2015**

### **Takeover of Trust Funds**

President, and the Executive Committee agreed to receive subject to the condition that all the commitments of the said Trusts, would be honoured by the Society the undermentioned funds from the two Trusts of which our former President, Mrs Radha S. Burnier, was the Managing Trustee.

Annie Besant Trust : Rs. 19,201,035/-

N. Sriram Trust : Rs. 5,400,000/-

They were duly received, credited to the respective Endowment Funds in the Society's records, and invested in the Nationalised Banks and Financial Institutions of the Government. Still there are shares of certain Limited Companies which are in the process of transfer to the Society's name and then, have to be encashed within a year from the date of transfer under the provisions of the TN Societies Registration Act, 2003, as well as the Income Tax Act, 1962.

The salient features of the Income and Expenditure Account of the Society for the year ended 31st March 2014 are as under:

### **1. INCOME**

The details of the income for the year ended 31<sup>st</sup> March 2015 as compared to the previous year 2013-14 are as follows:

	Year ended 31.03.2015 Rs.	Year ended 31.03.2014 Rs.
a) Gross interest Received from the investment	25,040,642	24,934,807
b) Fees and Dues from Sections	2,254,733	2,537,443
c) Donations – General	392,481	1,532,987
d) Licence Fees	60,000	144,000
e) Miscellaneous income		1,479
f) The Thosophical Publishing house	—	1,092,414
Total	27,747,856	30,243,130
Less: Interest transferred to earmarked funds	9,508,416	9,918,117
Total	<u>18,239,440</u>	<u>20,325,013</u>

The gross income for the year has come down by about Rupees Twenty Lakhs compared to previous year. The Fees and Dues from Sections and general donations have also come down by about 8%. The reduction in the interest rates of investments had no bearing on the interest income of the year. However, in the current year, the income from interest on investments is going to substantially come down in view of the interest rates having been reduced from 9.5% to

8.5% and rumour goes that it may further come down to 7.5%. Sufficient care should be taken to limit the expenditure in the current year or else we may have to face a cash crunch.

## **2. EXPENDITURE**

General: In response to the claim that the employees are paid too low a salary, the President and the Executive Committee approved to increase the salaries keeping in view the minimum wages announced by the state government of Tamilnadu with effect from 1st January, 2015, resulted in the increase of gross salary bill of Rs.12.50 lakhs per month. This increase in salary affected the working results of every department.

The summary of the expenditure of the Society under different heads after taking credit for the interest appropriated from respective funds:

	<b><u>11,341,313</u></b>	<b><u>10,955,143</u></b>

#### **(a) (i) Bhojanasala and Leadbeater Chambers:**

There is an increase in expenditure of Rs.576,331 from Rs.2,355,571 of last year to Rs. 2,891,487 of current year while the income has come down to Rs.1,538,519 of this year from Rs.1,578,934, resulting in an increased net deficit of Rs.1,352,968 compared to last year's Rs.776,637. This is expected to further increase during 2015-16 due to continued inflationary trend.

**(a) (ii) Garden:**

The cultivation has resulted in an increase of gross profit of Rs.503,654 for the year compared to Rs.228,247 of previous year because of higher yield from cashewnut and coconut.

However, due to higher maintenance cost, increase in salaries and higher provision for gratuity, the net deficit resulted in an increase to Rs.2,209,065 from Rs.1,889,481 of last year.

**(a) (iii) Maintenance:**

The net expenditure of the Department has come down to Rs.9,412,425 for the year from Rs.9,822,804 of last year, whereas the income has increased to Rs.1,633,145 from Rs.1,533,779 of last year, resulting in a small surplus of Rs.509,745. There are stocks valued at Rs.7.50 lakhs as on 31.03.2015.

The availability of a full time Superintendent for the department is the need of the hour. There is scope for better inventory management in a scientific manner.

**(b) Charitable Work**

Others	3,600	3,000
	<u>2,270,754</u>	<u>3,376,431</u>

**(b) (i) Besant Memorial Animal Dispensary:**

The Dispensary hitherto managed by Olcott Education Society, was taken over by TS with effect from 1st April, 2014, and its assets and liabilities were duly taken into the TS books, since it is felt more convenient to undertake along with our other Animal Welfare Work.

**(c) Propagation of Theosophy**

The expenditure on propagation of Theosophy for the year under different heads was as under:

	Year ended 31.03.2015 Rs.	Year ended 31.03.2014 Rs.

	<b><u>4,022,065</u></b>	<b><u>2,607,629</u></b>

**(c) (a) Adyar Library and Research Centre publications:**

The following figures of are taken from the published accounts of the Society:

	Year ended 31.03.2015 Rs.	Year ended 31.03.2014 Rs.
Opening Stock	1,071,986	1,565,026

Loss (A – B)	<u>-219,533</u>	<u>-47,417</u>

**(c) (b) The Theosophical Publishing House:**

There was a working deficit of Rs.327,866 for the year 2014-15, while compared to the surplus of Rs.1,092,414 for the previous year. Royalties & copyright fees are reduced from Rs.806,607 to Rs.234,907 for the current year. Enhancement of salaries and consequent increase in PF, ESI, and provision for gratuity contributed to the loss.

**(c) (c) *The Theosophist* and *Adyar Newsletter*:**

There was a substantial increase in the cost of paper and labour for printing and binding. The decrease in the interest income and in subscribers also contributed for increased loss for the year of Rs.391,227 compared to Rs.53,286 of last year.

**(c) (d) Vasanta Press:**

The working of the Press has resulted in the increase of gross loss of Rs. 80,163 for

the year from Rs.21,980 of last year. Over and above this loss, the Press incurred Rs. 360,373 by way of administration expenses. Thus the total loss incurred by the Press was Rs. 440,536 for the year 2014-15, compared to the loss of Rs.275,768 of last year.

**(c) (e) Convention & Seminars:**

A sum of Rs.1,486,743 was incurred for the Convention this year compared to Rs. 966,207 of last year. The general increase in cost of erection of temporary pandals for the Adyar Theatre and the Canteen and one time payment for live web casting are main items of increased expenditure. However, the whole expenditure was met from the income from the relative Endowment Fund.

**3.INTERNATIONAL OFFICES**

The expenses of International offices were as follows:

	<b>Year ended 31.03.2015 Rs.</b>	<b>Year ended 31.03.2014 Rs.</b>
President & Vice President	139,663	66,807
Treasury	836,991	624,055
Secretary	<u>414,114</u>	<u>269,633</u>
	<b><u>1,390,768</u></b>	<b><u>960,495</u></b>

The increased activity initiated by the newly elected officers and increase in the staff salaries resulted in the increased expenditure. The above figures include the total departmental expenditure.

**4. ESTABLISHMENT**

The total expenditure on the establishment of other departments including Security, Housekeeping and Sanitation for the year was Rs.4,655,203 compared to the expenditure of previous year of Rs.3,710,789. The increase was due to general inflationary trend, besides the substantial increase by 35% of salaries of all employees during the year.

**5. NET DEFICIT**

The net expenditure of Rs.22,777,988 incurred after appropriation of income from relevant Endowment Funds and the income of Rs.18,239,440 has resulted in a net deficit of Rs.4,538,548 for the year. This is the result of heavier expenditure in all the departments due to enhanced salaries and the loss incurred, besides a provision of Rs. 2,000,000 towards labour payment in a case pending in the court of law.

**6. CAPITAL EXPENDITURE**

During the Year an expenditure of Rs.2,359,111 was incurred on acquisition of assets, which include buildings, plant and machinery and electrical & telephone installations compared

## THE THEOSOPHICAL PUBLISHING HOUSE

In spite of more and more people buying and reading books online, we continued to get good orders from the world over and a large number from India. Publications of The Theosophical Publishing House (TPH) continued to attract TS members and the general public, which had contributed to the sales turnover of around 2 million rupees over the years. The sales for the current year (April 2014 to March 2015) was 2.13 million rupees, a little less than the previous year's sales of 2.16 million rupees. The Deficit for the year is Rs. 187 thousand compared to the surplus of Rs. 1.092 million in the last year. The main reasons are

1. Royalty Receipts. In the last year the accumulated amount of 3/4 years was received at Rs. 806 thousand and in this year the receipts were Rs. 235 thousand. A deficit of Rs. 571 thousand.

2. The substantial increase in salaries and wages, contribution to the Publication Fund, and provision for gratuity, resulted in a deficit of Rs. 490 thousand.

The good news is that inspite of the electronic media pervading all fields, the total sale of books continued to be good and there was a marginal increase in sales by Rs. 30 thousand compared to the previous year's sale of Rs. 2780 thousand. The deficit on account of journals publication this year was Rs.391 thousand compared to the previous year's deficit of Rs. 53 thousand. The subscription number continued to be the same as in last year though there was variation in the amounts received.

There was also a fall in interest income of Rs. 21 thousand on account of lower bank interest rates. The online book store <[www.adyarbooks.com](http://www.adyarbooks.com)> continued to get orders regularly. Subscriptions to our two magazines were also received sporadically through this online bookstore.

For the period from October 2014 to September 2015 two new releases and eighteen reprints were brought out.

Mr S. M. Umakanth Rao  
Acting Manager

## THE ADYAR LIBRARY AND RESEARCH CENTRE

the passing away of our former Director Dr S. Sankaranarayanan and Deputy Librarian Mrs Gnanambal Laxman.

The present editorial board includes the following eminent persons for our journal *Brahmavidyā*:

1. Mr Tim Boyd — Chairman
2. Dr Narayanan Kutty
3. Prof. Christian Lindtner
4. Mr Subhash Kak

## THE SCHOOL OF THE WISDOM

The School of the Wisdom conducted four courses **in Adyar** in the year 2015.

Ms Tran-Thi-Kim-Dieu conducted the first course from 5 to 16 January. The theme was 'The Science of Theosophy: Foundation and Practice'. An attempt was made to prove that Theosophy is a science based on a foundation and proven by experimentation.

Dr Pablo Sender explored the practical aspects of Theosophy and their deep theoretical foundation in his course from 2 to 13 November, on the theme 'The Yoga of Philosophy'.

In another course from 16 to 27 November Prof. R. C. Tampi explored the vision of life reflected in Sri Ram's book *Life's Deeper Aspects*.

Mr Vicente Hao Chin Jr approached self-transformation as a foundation for an

integrated and effective life. The theme of the course from 2 to 12 December was 'Self-transformation and Spiritual Life'.

The President Mr Tim Boyd and the Vice-President Dr Satapathy have to be credited with the plan of holding annual sessions of the School of the Wisdom at the Himalayan Centre of Theosophy, **Bhowali**, overlooking the enchanting valley. The ten-day course was inaugurated by Dr Satapathy on 7 September. The first course, directed by Prof. R. C. Tampi based on *Ancient Wisdom — Modern Insight* by Shirley Nicholson, drew participants from the USA, Brazil, Spain, and Australia. The program was hosted by the Indian Section of the TS.

## ARCHIVES AND MUSEUM

The **Archives and Museum**, which were closed for several years for lack of proper staffing, has been working with a team of four volunteers during the reporting year period (1.10.2014 - 30.9.2015). The archivist from the TS in America, Mrs Janet Kerschner, visited the archives for one month to give instructions and lay the foundations for archiving methods. A range of materials was tested for toxicity and the results were found

negative. The air conditioners have been repaired and are working on a 24x7 basis. Extra funding has been provided for restoration of documents, photographs, pictures, and other objects. The Museum was open during the International Convention with an exhibition on 'The Theosophical Influence on the Paintings of Mrs Florence Fuller'.

## OLCOTT EDUCATION SOCIETY

The Olcott Education Society (OES) continued to function as a separately registered society under the Chairmanship of the President of the Theosophical Society (TS). OES has five units, as follows:

### **The Olcott Memorial Higher Secondary School (OMHSS)**

The OMHSS continued to provide free education to economically underprivileged children. The school had 483 students (197 girls and 286 boys). In order to cater to the Class X students passing out from our school, apart from the Arts and Commerce stream, the Science stream in English medium was added this year. The Kindergarten class started in consultation with the Chennai Montessori Training Institute. This program was established with funding from Wipro Cares, with whom a 3-year MOU was signed.

As done before, students were provided with free textbooks, notebooks, stationery supplies, lunch and two sets of uniforms. This year the School was

able to garner funding for buying school bags also. The morning kanji (porridge) was more nutritious due to the addition of milk. Apart from the regular health check-up conducted by Dr R. Revathy, Rotary Mitra organized a Dental Camp. Guidance and counseling continued for the children and parents, and they were provided advice and support in dealing with problems — both academic and emotional. Special classes for children who need extra help were conducted regularly.

On August 3rd, to commemorate the birth anniversary of the School founder, Col. Henry Steel Olcott, a children's book, *Olcott Thatha*, written and illustrated by some of the Class XII students under the guidance of students from George Washington University Art Therapy Program, was released by the School Secretary Mr C. A. Shinde. With support from Sri Beliappa and the Verizon Corporation, 17 teachers were undergoing training from the British Council on

English language teaching and English proficiency building. The school Ecology Club won a Rs.20,000/- cash prize, which was utilized for undertaking various related activities in the school.

Students participated in zonal and district level tournaments with a spirit of sportsmanship and camaraderie. They came out with stellar performance in carrom, kabaddi, and handball.

**Exam Results:** Out of the 52 children who appeared for Class X board exam, 49 cleared the exam — a 94% pass percentage. The first batch of class XII students wrote their board examination in March 2015. Out of the 32 students, 10 students passed who were pursuing courses in various city colleges. The school teachers, headmistress and director met to introspect the Class XII results and came up with measures to be undertaken to improve the same in the coming years.

The school children participated in an Art and Mural painting workshop, inter-school drama festival, and Madras-Week Celebrations. In a singing competition conducted by Radio Mirchi, two students who were selected in this competition will have the opportunity to train under the direction of music maestro A. R. Rahman.

Volunteers from various organizations conducted classes on value education and English, and engaged the students in many meaningful activities. The school was visited by officials/volunteers of donor agencies, who interacted with our students and teachers. The visitors were very impressed with the school environ-

ment and the facilities offered. They promised more support to the school in the coming years.

**Social Welfare Centre (SWC):** Seventy-two children were nurtured under the able care of the Administrator and staff of the SWC. The TS international President, Mr Tim Boyd and his wife Lily visited the Centre and interacted with the children.

**The Vocational Training Centre** continued to provide free courses in tailoring, dress designing, drafting layout, and cutting and stitching of materials for children, and hand embroidery. Thirty-six students were enrolled in the course. Five small domestic sewing machines and 10 wooden stools were added to the Centre.

**HPB Hostel:** Six children were enrolled as residents in the Hostel. They were drawn from the Olcott School as well as from some of the neighbouring schools.

**Unnati:** In a collaboration of the Unnati Foundation, OES, and TS, more than 80 students were trained and placed in various corporations. The programme provided free soft-skills training to unemployed youth and school dropouts from marginalized sections of society. Infrastructure, boarding and lodging were provided under the aegis of the OES-TS, and the soft-skill training and placement was done by Unnati.

According to the OES Treasurer, Mr Jambunathan, the expenditure for running the units would go well over Rs. 11.5 million in the years to come.

## BESANT MEMORIAL ANIMAL DISPENSARY

The Animal Dispensary will be renovated next year as the renovation could not take place last year due to various reasons such as rates quoted by the Contractors were above the sanctioned limit. An additional sanction was accorded and in due course the work is expected to start.

The Dispensary remained open on Sundays and was closed on Tuesdays. This enabled the pets to be brought on Sundays when the owners are expected to be free.

New Surgical Equipments for Birth

Control was purchased. The veterinary Surgeon, Dr P. Ramachandran, who was appointed during the month of July, started Birth Control Procedures.

There were a total of 3,116 cases attended this year, which included:

- (1) Dogs vaccinated – 180
- (2) Cats Vaccinated – 32
- (3) Wound Management – 376
- (4) Fractures – 15
- (5) Out-patient cases – 2,513

## THE THEOSOPHICAL ORDER OF SERVICE

The Theosophical Order of Service experienced a change this year when the position of International Secretary passed from Diana Dunningham Chapotin to Nancy Secrest of Washington, USA, on 1 December 2014. Diana's 20 years of service saw a marked increase in the number of TOS Groups, programs and activities around the world. Our TOS website, [www.international.theoservice.org](http://www.international.theoservice.org), began under Diana's watch as did our quarterly e-newsletter, *TOS In-*

*Touch.Online*, both of which remain vital means of communication. Diana administered improvements in the TOS's organisational structure and, with her team of advisors, ultimately produced a governance document for the TOS entitled *Principles of Organisation* and a *Theosophical Order of Service Handbook for TOS officers and workers*. A *Plan of Action* developed by attendees at two of the several international TOS Conferences held during her tenure, gave

further impetus to the work. All these documents were approved by the then President, Mrs Radha Burnier.

### **Some highlights of the year's activities at the international, national and local levels:**

The TOS is currently present in 36 of the 55 countries where the TS is active. We regret that the TOS Group in Chile closed this year, but rejoice in adding TOS presence in two new countries, Belgium and Israel.

Besides the many visits made to TOS Groups by ex-officio President Tim Boyd and his wife Lily, visits were made by the TOS International Secretary in May to the Theosophical Centre in Naarden, the Netherlands, and to our new group in Brussels, Belgium, where she gave illustrated talks about the TOS and its activities worldwide and held lively discussion groups. Nancy also visited the Dutch TS headquarters in Amsterdam, the TS headquarters in Brussels and in Paris, France. While in Paris she also met with the head of the French TOS. TOS worker, Mrs Ananya Sri Ram Rajan from the United States, responded to invitations from Bhubaneswar, India, and East and Central Africa by visiting TS and TOS groups and TOS-supported schools and orphanages there. She gave talks in India, Kenya, Tanzania and Zambia.

This year also saw the inauguration of a TOS International Facebook Page, [www.facebook.com/tosinternational/](http://www.facebook.com/tosinternational/), offering further contact with our members and friends. Our TOS Spanish

language coordinator, Mr Fernando Perez Martin, publishes two e-newsletters, regularly works with the groups in Spain and Latin America and assists the International Secretary with translations of reports and communications to and from our Spanish speaking TOS groups.

Many of our TOS groups worldwide collected money to help relieve the suffering in Nepal due to the earthquakes there in April and May.

TOS work, begun in December of 2014, was progressing well in Belgium. Under the guidance of its Correspondent, Mr Helmut Vandersmissen, TOS workers there have begun a Facebook Page, joined the International Healing Network, created informational flyers and begun their first TOS project, collecting spiritual books to be presented to several prison libraries. Our newest TOS presence in Israel is just getting started. It is headed by Correspondent, Mrs Sherry Barak-Balu.

Given the excellence of the work carried out by various groups as part of our campaign against gender discrimination and violence toward women, we have decided to extend the campaign for two years. Members in Australia, Canada, Italy, New Zealand and the USA are enthusiastic supporters of this cause.

Dr Deepa Padhi's extensive projects with the TOS Mahabarat Group in Bhubaneswar, Odisha, India, have culminated in the publication of *Yes She Can*, a compilation of articles on women's issues written by a number of individuals

respected in their fields. Proceeds from the sale of the book will go to further support work with disadvantaged women and girls. The service of the more than 120 groups of the TOS in India has benefited thousands through its permanent projects. For instance, the TOS in West Bengal runs four primary schools, five tailoring training centres, an orphanage, a charitable dispensary and sponsors five poor college students. The sponsorship project of Mumbai TOS is helping 525 poor students to be educated in English Medium Schools. A new TOS group was formed at Jammu and Kashmir this year through the initiative of Bro. Sanjay Potey, President, Maharashtra Region. Of special note this year: the TOS members in Sundarban, India, formed a TS lodge and built the Radha Burnier Memorial Hall where hundreds of poor village women are receiving vocational training. TOS India Director and Secretary, Bros. Birendra Bhattacharya and Dr T. K. Nair worked and travelled tirelessly throughout India giving support and inspiration to TOS regional workers.

In November 2014, the TOS Urus Branch in Oruro City, Bolivia, was awarded a medal by the country's Legislative Assembly "in recognition of its outstanding community service and commitment to the improvement of the material and spiritual conditions of humanity, including animals and nature". The TOS in Puerto Rico sells used goods of all types at a flea market. The proceeds of their sales are used to buy prostheses

or implants for children in Haiti who lost limbs as a result of the earthquake there several years ago. Children need continuing prosthetic care as they grow. Working with needy children has been the foremost focus for the TOS in Columbia for many years. They organise theosophically-oriented activities and outings for impoverished children. Clubs have been formed for both girls and boys. Some of the activities this year included a mountain hike, meditation and games to sharpen the mind. Children were also given the opportunity to participate in 'The Golden Chain' and 'The Light' ceremonies of the Round Table, a children's organisation started in 1908 with Annie Besant as its Protector. In July, the TOS in Brazil decided to form a National Council of TOS. Everyone who works for the TOS in Brazil was invited to participate at the next Summer School. The TOS local groups focus on providing help for children and youth and on raising funds for food baskets given to people in need and pre-registered institutions. Another fund-raising endeavour provided donations to an institution called Positive Life, which takes care of HIV-positive children.

The TOS in Portugal continued its focus on activities to support animals and promote vegetarianism. This year they also supported an association that creates jobs for visually impaired people. Individuals are involved in various forms of voluntary work. One man, Paulo, volunteers in the field of nature conservation. He helps to find and preserve a species

of very small fish, the Portuguese Boga, that only exist in rivers in Portugal. The membership of the TOS in France showed an encouraging increase this year. Significant funds were raised in support of a wide range of projects including a retirement home for childless widows in Chennai, India, the studies of Tibetan monks in Dharamsala and help for victims of domestic violence in France. In collaboration with the Liberal Catholic Church, the TOS also supports a primary and secondary school in Kinshasa in the Democratic Republic of Congo, a country where the TOS is not otherwise present. The TOS in Italy supports 10 children and 51 Buddhist monks in a long-distance adoption scheme. They also sent support for the children's home in Muttom, India. Support continued for Syrian refugee camps. There are now 12 million Syrian refugees who need asylum. In Finland the TOS holds two concerts each year to raise funds for its work. This year the TOS in Finland sent support to children at the Social Welfare Centre, the HPB Boys Hostel and the Olcott Memorial Higher Secondary School in Adyar. TOS Ukraine continued its repair and restoration work on HPB's birthplace and childhood home. Donations to support this work have come from all over the world with hands-on help coming from theosophists in Russia, Italy, Belgium and Hungary.

The knitting of Teddy bears continues as a major activity of the TOS in the United Kingdom. The 'teddies' are sent

to children in distressed areas. Donations were made by the TOS in the UK this year to more than 27 organisations including Nepali earthquake relief, the Round Table, the TOS in Kenya for relief to drought victims, the Heart Babies Project of the TOS youth in Tanzania and five charities in Adyar. Mrs Adrienne Nagyiday took over from Csilla Kiss as President of the TOS in Hungary in April. The TOS in Hungary is a legally independent organisation, as required by Hungarian law, which elects its own officers. Under Csilla's watch, the Hungarian TOS began an animal healing network that works in cooperation with the TOS's animal healing network in the United States. Adrienne organised a seven day summer camp for gypsy children in a small village.

The TOS in New Zealand and the TOS in Canada are two groups that sponsor individual students at the Golden Link College (GLC). The TOS in New Zealand funds their GLC student's support through the Geoffrey Hodson Memorial Fund set up for this purpose. The interest from this investment will provide tuition and fees for the entire span of the child's school years.

The TOS in Tanzania boasts a happy and healthy Youth Group. Among other things, the young people support the Lions Club's "Heart Babies" project, which gives medical assistance to babies born with heart defects. TOS Tanzania also supports the Chanika Orphanage, near Dar es Salaam, which houses 60 children. New dormitories have recently

been built with indoor toilets and showers.

If balance is the key to Spiritual growth, the theosophical triad of study, meditation and service exemplifies it. Study utilizes our ability to reason and think logically. Meditation helps us to tap

into our Higher Selves. Service then is the fulcrum — the point of balance. Service is that part of the triad, which allows us to demonstrate the divine in the world.

Mrs Nancy Secrest from Theosophical Order of Service USA rekindled the work of the TOS in Belgium. The International Vice-President, Dr Chittaranjan Satapathy, from Adyar gave two much-appreciated lectures in the Brussels Headquarters. Most of the theosophical activities took place in the north of the country, its Dutch speaking part, and in Brussels Headquarters. Preparations are made for renewed activity in the French-speaking south of the country. Several Belgian members attended Theosophical activities abroad (Dutch day in Naarden, the Netherlands, Estonia, United King-

dom, and France). Following the visit of Mrs Nancy Secrest, various initiatives were undertaken by TOS in Belgium: donation for earthquake relief in Nepal, start-up of Teddies for tragedies knitting action, and start-up of healing meditation groups in Antwerp and Brussels. The GS mentions that the Belgian TS is in a transition from the Old to the New. Sections and Lodges need to be aware of their public function: we are not just there for ourselves, but for the communities in which we are active, and to make possible the transmission of theosophical teachings from one generation to the next.

A seminar was organized by the Section with the Swiss Theosophical Society in the theosophical centre of Ascona in March 2015. The subject was ‘Science

and Spirituality: from the variety of forms to the Unity of life’. The 101st National Congress took place in Creazzo, Vicenza, in June, with the subject ‘Nutrition and the Sacredness of Life’. online link also helps to form new groups in new places. The traditional theosophical days, and the 97th Anniversary of the TS in Mexico were celebrated. The Section participated in the Seminar of the Caribbean Basin, which had the theme 'The Illumined Mind' suggested by Mr Tim

Boyd. Mrs Lissette Arroyo represented the Mexican Section and gave a lecture on 'The Wisdom that transforms us'. During the year she also gave nine courses on Theosophy at the national Headquarters.

Several Branches started or continued with meditation, yoga, and tai-chi sessions, some of them including a form of healing service. Some Branches have taken the opportunity to go into more explorative depth in studying aspects of Theosophy

in alignment with the declared objects. This is something that is important if we are to really gain a depth of understanding in Theosophy. The Section elected a Governance Board to replace the National Council. The Governance Board held its first meeting in October 2015. *TheoSophia*, their magazine, continued to be popular around the world.

## PORTUGAL

The **Portuguese Section**, along with the celebration of the traditional commemorative days integrated in the history of the TS, a set of public sessions were held at Lisbon with different formats, from public talks to panels and discussion groups. The spirit of questioning and the spontaneous contribution of the partici-

pants were some of the strategies to encourage the dialogue and the search towards openness and dynamism. Such activities were coordinated by different members, and some times by invitees. Ms Tr  n-Thi-Kim-Di  u, Chairman of the European Federation of the TS, gave 3 public talks on 'The Science of Theosophy'. Ms Maria Jose Barrios, from the

Spanish Section, delivered a public talk at Lisbon and Oporto on 'Reflections on the Path'. Lodges have developed their activities in a much decentralised way —

in Lisbon, Porto, and Évora; one Study Group is very actively working in Azores.

## UNITED STATES OF AMERICA

Founded 1886, membership 3,357. The **American Section** (TSA) reports that under their Library Director, Marina Maestas, the Henry S. Olcott Memorial Library collection can now be accessed

nationally through a cooperative inter-library loan arrangement, and often internationally. The TSA public programming operates seven days a week on a range of theosophical subjects

with growing attendance. During the year, the IT/AV department increased the number of live webcasts of the Thursday night lecture series. The goal of the IT department head, Mr Chris Bolger, was realized: almost every talk was streamed live on the Internet. The online attendance was equal to or greater than the number of people physically attending the talk, and some were tuning in from other countries. TS Wiki — a Wikipedia-style reference on Theosophy and the TS, is approaching 4 million visitors to the site, which has now migrated to a new domain: <[www.theosophy.wiki](http://www.theosophy.wiki)>. For the past four years there has been increasing emphasis on the development of online classes (Webinars). A growing body of Internet resources are being made available to the theosophical world through the TSA website, <[www.theosophical.org](http://www.theosophical.org)>. After almost 50 years in operation, publication of Quest Books was to be ending at the close of the year. The TSA Board of directors decided that substantial further investment of TSA resources in Quest Books would not be financially responsible. However, this creates new possibilities in the area of online activities. The TSA will continue to publish Theosophical books through their Theosophical Publishing House, which was able also to convert approximately 180 titles for use in three e-book formats. The Audio-Video (AV) Department continued with the ongoing live webcasting, recording, editing, mastering, archiving, and manufacture of sales orders of programs being developed at Olcott, in both video and/or audio

formats. Most of the titles may be purchased at <[www.questbooks.com](http://www.questbooks.com)>.

To support the local groups, the National Secretary, Mr David Bruce, made arrangements to send national speakers around the country. During the year 20 speakers gave over 60 presentations, most of which were well attended and enthusiastically received. Courses for the National Lodge, now in its 18th year of existence, were also selected and edited by Mr Bruce. The Prison Program remains very active and continues to bring Theosophical teachings to men and women who are incarcerated. The number of prisoners taking correspondence courses remains steady at fifty to fifty-five, and all participants are screened by the National Secretary before being assigned to a mentor. The Public Programs Department scheduled, promoted, and presented the programs that were offered by the Theosophical Society throughout the year. Thursday night lectures were webcasted and reached a large national and international audience. A very successful event in July 2014, with over 400 people attending, was Dr Eben Alexander's lecture 'A Neurosurgeon's Journey through the Afterlife'. The Section had a great number of classes and groups that met regularly and offered something for everyone. These included the Meditation Group, Yoga classes, Tai Chi classes, Theosophical Study Group, a Young Theosophists group, and, for children, Bedtime Stories and The Order of the Round Table.

As connectivity of the world is facilitated by the internet, this facility was used for propaganda and popularizing a knowledge of theosophy in the region. The following websites were up and running:

- [www.theosophyasia.net](http://www.theosophyasia.net) — Information specific to the theosophical movement in this region including history and current affairs. It also serves as a platform for the countries that do not presently have a website of their own.

This website is intended to revive interest in Theosophy and the Theosophical Society in China, facilitating the download of Chinese theosophical literature and online forum discussion. Ms Tr  n-Thi-Kim-Di  u, Chairman of the European Federation of the TS  
Mrs Isis Resende, Chairman of the Inter-American Theosophical Federation  
Mr Robert Beland, Canada  
Mr Domen Kocovar, Slovenia

The President welcomed those present.

The President reported the peaceful passing away of Ms Joy Mills at Krotona the morning of the meeting, and asked for a few minutes of silence to send her further light.

**1. Confirmation of Minutes**

The Minutes of the meeting held on 25 December 2014 at Adyar, having been circulated, were taken as read, accepted, and signed.

## 2. Matters arising out of the Minutes

The GS of South-Africa asked about the definition of committee in the Tamil Nadu Societies Registration Act 15. It defines a committee as a managing body, and it is to be elected for 3 years. In the TS the Executive Committee is a managing body and it is elected each year. The General Council is a governing body (not a managing body).

## 3. Voting for Additional General Council members

The President had nominated Ms Trân-Thi-Kim-Diêu and Mr Vicente Hao Chin, Jr., for election under Rule 2 of the Rules and Regulations as Additional Members of the General Council for the years 2016, 2017, and 2018. Their bio-data were sent by email on 18 September 2015. The result of the voting was as follows:

	For:	Against:	Abstained:
Ms Trân-Thi-Kim-Diêu	21	3	2
Mr Vicente Hao Chin, Jr	27	0	0

Ms Trân-Thi-Kim-Diêu and Mr Vicente Hao Chin, Jr, were declared elected as Additional Members of the General Council for the years 2016, 2017, and 2018.

## 4. Report on the Non-English Publications Fund

The Secretary reported that on 30 September 2015 the NEPF balance held by the TS in America was USD 35,312/- and the NEPF balance held by the TS in Europe was USD 58,374/-, the total being USD 93,686/- (last year the total was USD 105,919/-).

One grant was given from the Fund in Europe: *The Secret Doctrine*, III, in Finnish with a grant of USD 1,580/-.

It was clarified that the NEPF can be used also for Indian language publications. India has 22 official languages.

## 5. Report on the International Funds

The Secretary reported that on 30 September 2015 the Funds in Australia were USD 483,566/-, and in America USD 1,427,089/-, the total of the International Funds being USD 1,910,655/- (last year the total was USD 1,962,449/-).

The source of the International Funds are in the country concerned. It was noted that the money in the Funds have never been created in India or moved from Indian sources.

## 6. Report by the President on Headquarters

### Accomplishments

The President presented a list of accomplishments, sent to GC members on 22 December 2015, and highlighted some of them.

The new website was published in September 2015. It has had a good reception.

The Archives, which was not functioning for several years, now has 4 volunteer workers. Toxicity tests of archival materials taken from different places in the Archives were made by a professional company. The result of the tests showed that the papers and materials are not toxic.

Salaries were raised above the minimum wage for the state of Tamil Nadu.

The roof of the Adyar Theater was not fully ready for the Convention. One of the reasons for the delay was the 3-week interruption in the work caused by the flooding. The new roof will be finished after the Convention.

Internet service does not yet cover the whole Campus. We are investigating a wireless point-to-point system instead of underground cable, which is expensive and time consuming work. Our level of internet usage is not yet sufficient to justify such high costs.

Thanks to a donation from the TS in New Zealand, 120 new mattresses of 6-inch foam were bought for LBC. Thus every mattress and pillow in Leadbeater Chambers was replaced the week before the Convention started.

The Campus has 116 buildings, which Mr Michiel Haas and Mrs Helma Haas have evaluated. Four buildings have been designated as the initial priority — Headquarters, Raja House, Blavatsky Bungalow, and Leadbeater Chambers. The total cost estimate is about 1 million USD.

### Court case

The Krishnamurti Foundation 'The School' had 35 years of leases, the last of which expired in September 2014. The School was informed *4 years in advance* that the latest lease would not be extended, but it has made no progress in moving.

## 7. Appointment of Executive Committee for 2015

The President reported that Mr Surendra Narayan, aged 97, resigned from the Executive Committee in the spring of 2015, and the Committee co-opted Mr S. Sundaram.

The following Executive Committee members were unanimously appointed for 2016:

Mr Tim Boyd	President (ex-officio)
Dr Chittaranjan Satapathy	Vice-President (ex-officio)
Ms Marja Artamaa	Secretary (ex-officio)
Mr K. Narasimha Rao	Treasurer (ex-officio)
Mr Sundaram	General Council Member
Prof. R. C. Tampi	General Council Member
Mr S. Harihara Raghavan	Member
Dr M. V. Rengarajan	Member
Mr C. A. Shinde	Member
Mr A. L. Somayaji	Member

### 7.5. Election of the Treasurer

The President nominated Mr Narasimha Rao, who has been Acting Treasurer for the past year, to be elected as the Treasurer. It was agreed to add this point to the agenda.

Mr Narasimha Rao was unanimously elected as Treasurer for the next 3 years from January 2016, 2017, and 2018.

### 8. Treasurer's Report and Accounts for the year ended 31 March 2015

During the year there was a 45-lakhs deficit. The budget of 2014-15 was revised for the following reasons: increase of salaries, maintenance due to problems in buildings, TPH, *The Theosophist* and the *Adyar Newsletter*. Convention expenses were increased as consequences of the floods.

The money advanced to the Indian Section was reflected in the accounts.

The revised Budget for 2015-16 was confirmed by the General Council, with 2 abstentions.

#### Treasurer's Report:

5 million rupees was loaned to the Indian Section, as there was an urgent need for completing the work at the Himalayan Centre of the Indian Section in Bhowali. This amount will be returned by the Indian Section. The Section is 125 years old. The property in Varanasi was acquired by Annie Besant. A grant of 3 million Rupees was given to the Indian Section for their Headquarters in Varanasi, where the compound is seen by thousands of daily passers-by, and it needs to give a presentable appearance as the Indian headquarters of the TS. In the future, the GC will be informed about loans or cases of this nature.

## MINUTES OF THE GENERAL COUNCIL MEETING

The Treasurer's Report and Accounts for the year ended 31 March 2015 had been previously circulated by email and were approved.

### **9. The Budget for the year ending 31 March 2017**

The Budget for the year ending 31 March 2017, was considered, discussed, and approved with 2 abstentions.

### **10. Appointment of Auditors for the year ending 31 March 2016**

M/s Srihari & Co. were unanimously re-appointed as Auditors for the year ending 31 March 2016 on the same terms as before.

### **11. Discussion on work around the world**

The General Secretaries present reported about their main activities. The presentations continued at the beginning of the planning meeting held after the Convention. In general, many countries are trying to bring new life to their programmes.

Attention was paid to the transfers of membership between countries. The rules say that a transfer requires the President's approval and also approval from both General Secretaries.

**The meeting was adjourned to 6 January 2016 at 8am.**

### **12. Report of the TS Rules Committee**

It was noted that Rule 49 of the international Rules states:

"49. Changes in Rules and Regulations.

The General Council, of their own motion or on the motion of the Executive Committee and after at least three months' notice has been given to each member of said Council, may, by a three-fourths vote of those members who vote in person, in writing, or by proxy, make, alter or repeal the Rules and Regulations of the Society, in such manner as it may deem expedient."

Any changes to the Rules therefore need to be initiated by a collective motion, either of the General Council or the international Executive Committee, prior to a vote.

The Rules Committee had reviewed rules 1-9 and 11-36 to date. The Committee's proposed amendments to a number of these Rules were considered, discussed, and either accepted or amended at the meeting.

A motion was passed that "the General Council approves the presentation of a

motion to the next General Council meeting to amend the Rules as presented by the Rules Committee and as agreed to at this meeting.”

In relation to Rule 10, regarding the election of an International President, it was agreed to conduct a survey of all General Council members concerning the number of terms of office which an International President might hold (either three consecutive terms or two consecutive terms), to assist in the formulation of a change to this Rule. A clear majority for either of these two options, which were under consideration, did not emerge during the meeting.

It was agreed that further proposed changes to the remaining Rules can be sent by the Rules Committee during 2016 for the consideration of the International Executive Committee. If satisfied, the Executive Committee can move a motion in accordance with Rule 49 to recommend changes to Rule 10 (depending on the survey results), as well as changes to any remaining Rules which are recommended by the Rules Committee and which have not already been reviewed by the General Council. This will help expedite the procedure for updating all of those International Rules which require amendment.

No later than three months prior to the next meeting, the motion of the General Council and a motion of the International Executive Committee (if passed) will be circulated to the Council. In addition, all suggested changes to the Rules, accompanied by explanations, will be sent to the General Council for a vote within the same time period, with a view to their adoption at the December 2016 meeting of the Council.

The President thanked the Chair and the team for their work.

### **13. Renovation Project**

The President briefed those present about the Adyar Renovation Project, which will be presented with more information in an evening program during the Convention.

### **14. Approval of the GC for disposal of unusable land outside the Adyar campus.**

Outside the walls of the Campus there are three areas in Adyar which are owned by the TS. The lands are of no use to the TS, as they have no access roads and have become dumping grounds for the neighborhood.

The value of the properties will be examined and, if sold, the funds would be used for TS and Theosophical work. (The need for additional sources of income had already been raised in the budget discussions.) The decision to dispose of TS property

needs to have three quarters of the GC members' approval. A proposal will be sent to the GC after further investigation.

This matter was brought to the GC to provide necessary information before making a decision.

## **15. Any Other Business.**

### **a. World Congress**

According to international Rule 47, a World Congress of the TS may be held not more than once in every 7 years but so as not to interfere with the annual Convention. This would mean not before 2017.

It is worth noting that the next European Congress will be held in 2017 in Barcelona, Spain. The Nairobi Lodge in Kenya will celebrate its centenary in 2017. They will possibly propose to host the next Congress after discussing it in their annual meeting in a few months. Singapore is another place which has been thought of for hosting the World Congress.

No decision has yet been made about who will be the next host.

### **b. Points raised by the General Secretaries**

#### **1) Heritage status**

The GS of Spain read a Proposal from some young members from Spain and the Netherlands to acknowledge the Adyar estate as having heritage status. The Vice-President examined the heritage matter in 2009, and all the papers are with him.

The matter was discussed from various aspects. We need a few people to examine all aspects of this matter to find out what are the impacts and what it requires from us.

The President requested the GS of Spain to thank the Spanish authors of this proposal.

#### **2) Charity status**

The GS of England reported that the English Section is on the process of applying for charity status. She said that the reason for doing so is not to avoid paying taxes, but that the Government encourages organizations to have that status.

## **16. Closing the meeting**

The President thanked all present.

**The GC meeting was held on 30 December from 8:00am to 5:30pm.**

**The adjourned meeting was held on 6 January 2016, from 8:00am to 3:35pm.**
